www.victorbhp.com.au

114 Victoria St, Victor Harbor SA

First this month we like to inform guests that late last month we said a sad goodbye to the current managers Greg and Angie, who have moved back to New South Wales with an offer to manage the Stockton Beach Tourist Park.

You will still be able to see our friendly receptionist Jacqui, who is always happy to assist guests with bookings and enquiries.

Now from departures to the new arrivals — We are excited to introduce and welcome the new managers Dawn and Chris Poole from Renmark to Victor Harbor. They have loads of experience managing tourist parks around Australia and more recently spent a year managing a resort in Broome. We are all very excited to see the upgrades with within the park commence very soon.

These upgrades will include a swimming pool, recreation room,

new camp kitchen, new studio cabins and additional ensuite sites. Upgrades are due to be completed by the end of November this year.

Be sure to keep an eye on our website for further details on the park upgrades.
